

Imran Sajid
PhD Candidate at Center for Development Research (ZEF)
Bonn University at Bonn, Germany
+49(0) 177 844 7177
i.sajid@uni-bonn.de or imransajid11@yahoo.com

a. Professional Preparation

| | | |
|------------------------------|---|-----------------|
| Bonn University, Germany | Water Resource Management | PhD., 2018- |
| Akdeniz University, Turkey | Agriculture Structure and Irrigation | M.S., 2014-2017 |
| Kabul Polytechnic University | Hydraulic and Hydro technical structure | B.S., 2009-2013 |

b. Appointments

2017-2018 Irrigation Specialist, Office of Chief Advisor to the President on Agriculture and Development, Afghanistan
2016- 2018 Senior Researcher/Irrigation Specialist, Researches Organisation for Development (ROD), Afghanistan
2012-2014 Water Resource Engineer, SMEC (Snowy Mountains Engineering Corporation) International, Kabul Afghanistan
2011-2012 Quality Control Engineer, Fazlullah Construction and Engineering Company, Kabul, Afghanistan

c. Publications

Publications under review:

1. Sajid, Imran, Bernhard, T "Assessment of water supply and demand management of Mungi distributary canal command area in Punjab Pakistan " Bonn University, 2020
2. Sajid, I. Tezcan, A "CFD Modelling of water flow over a weir for analysis of Energy dissipator structure through AnsysFluent" Akdeniz University, 2019.

Unpublished works:

1. Sajid, Imran. "Adaptation to Water use Efficiency Technic in Agriculture Sector of Afghanistan", Office of Chief Advisor to the President on Agriculture and Development, 2017
2. Sajid, Imran. "An Introduction to Underground Dam in Afghanistan", Office of Chief Advisor to the President on Agriculture and Development, 2017
3. Sajid, Imran. "Evaluation of Domestic Water Management Options for Cities of Afghanistan", Office of Chief Advisor to the President on Agriculture and Development, 2017
4. Sajid, Imran. "Afghanistan Wheat Self-sufficiency Scenarios", Office of Chief Advisor to the President on Agriculture and Development, 2017
5. Sajid, Imran. " Climate Change Challenges and Opportunities Mapping", Office of Chief Advisor to the President on Agriculture and Development, 2017

d. Synergistic Activities

- Memberships and volunteership at:
- Member of DAAD German International Scholarship Alumni
- Membership of International Scholarship of Turkey
- Secretariat of Supreme Council of Land and Water SCoLW, Afghanistan, 2017
- Indus Basin Knowledge Forum by IWMI and ICIMOD, 2017
- IEEE, Afghanistan, 2017
- Guest-Reviewer at International Journal of Water Resources and Environmental Engineering, 2016
- National Hydrology Committee of Afghanistan NHCA, 2015

e. Trainings and workshops

1. (9-20 Sep 2019) International Summer school on Digital water management and water related agroecosystem services: geo-statistics, hydro-informatics in Pisa Italy.
2. (Oct 2018 - April 2019) Mandatory PhD courses at Centre for Development research in Bonn University. Course were related to development, Technical software for water modelling and statistic (WEAP, GIS, Remote Sensing, STATA) and technical report writing.
3. (Oct 2015 – Jan 2016) Erasmus Exchange Program in Warsaw University of Life Science, Warsaw Poland.
